

THE ONLY 100% AUTONOMOUS INDIVIDUAL SOCIAL DISTANCING BADGE.

Instantly reassures your clients and employees

The **right distance** between your clients and employees

Thanks to the Individual Social Distancing Badge, your employees will subtly inform customers if they are not at the right distance.

Precision down to the millimeter

The Individual Social Distancing Badge uses the LIDAR technology to measure pre-cisely within millimeters.

The **comfort zone** settled

Program the comfort zone you want according to current health standards (1 m, 1.5 m, 2 m, 6 ft.). A flashing light is emitted when the zone is not respected.

 **One badge protects 2 people**
Unilateral

 **Magnetic clip**
Easy to wear

 **Rechargeable battery**
USB cable supplied

 **No traceability**
No infrastructure investment needed

 **No monthly subscription**
1 single purchase
